PROTECTION FOR YOU

The Passion Spas Classic Story

PERSONAL COMFORT

Your family and friends can share laughter and good conversation while enjoying the comfortable seating of one of our Classic Collection Passion Spas. The spa will create an ideal setting to rejuvenate and relax.

PLEASING MASSAGE

The hydrotherapy jets provide a soothing massage to relax your body. The jets are strategically positioned to ensure a silky smooth experience and are sure to delight your senses.

PERFECT WATER

Our filtration system automatically filters your spa water for a sparkling clean shine. Select our optional AquaPure Water Management System™ for a self contained water purification system. This advanced solution is a natural way to create sanitizer and will ensure that your spa water is safe and clean for you and your family to enjoy.

PRECISION MADE

Passion Spas are constructed with a pressure treated support structure giving you peace of mind and long lasting performance. Our spas are made with a maintenance free cabinet which is snugly fastened to the pressure treated support structure.

PLANET FRIENDLY

We only use poly urethane foam to maximize heat retention and minimize energy consumption. Our Passion Spas feature an electric heater in combination with a special friction heater (Hybrid Technology™) that generates heat by disturbing water molecule movement. The friction heater produces free heat which is generated from the speed and movement from the water. This will allow you to enjoy the benefits of hot water and pleasing massage while saving money and the environment.

PROTECTION FOR YOU

All Passion Spa dealers have access to Passion Parts Depot Europe, where all possible parts of the spas are in stock. If necessary, these will be sent to the dealer within 24 hours. This ensures that if there is a problem, your dealer will be able to give you a quick and resolute solution.

BLISS

DIMENSIONS

- Length: 190 cm
- Width: 160 cm
- Height: 78 cm

- Poly Ethylene Shell Construction
- Maintenance-Free Exterior Cabinet
- 4 Seats
- 10 Hydrotherapy Jets
- Multiple Zoned Air Controls
- Gravity Drain
- Programmable Filtration System with skimmer
- One High-Flow 3 HP Pump
- Balboa Heating System
- Heat Shield Insulated Cover

PASSION

BLISS

The Bliss is designed for 4 people and offers a different massage on every seat while you can enjoy the relaxing sound of the color changing waterfall

CHEER

Soaking in the spa Cheer is a great hydrotherapy for your body. As carefully designed jets do their work, warm water flow will take care of relaxing your entire body. The Cheer delivers a hydrotherapy experience for up to 3 people.

PASSION

SMILE

Your family and friends can share in laughter and good conversation while enjoying the comfortable seating of the Smile. The spa will be an ideal setting to rejuvenate and relax with the nice LED Lighting and Music.

PASSION

PASSION

JOY

An open seating configuration designed for six people allows freedom of movement and comfort from several positions while enjoying the various therapy seats.

This spa is also equipped with surrounding LED Lights and MP3 player with waterproof speakers.
